Ok. I will stay quiet with DTSC.

J

If the WB asked to meet with us and didn't invite DTSC, I wouldn't. After all, the WB has a unique role with the historic permitting.

FYI.

Would you like me to invite DTSC to the briefing with the WB?

This way, we only need to do this once.

I didn't tell DTSC we are trying to schedule a call with the WB yet...

I will wait to hear from you.

Hi Judy,

After chatting with Dan minutes ago, would you mind sending the briefing information mentioned in your email to us for our internal use? Thanks again, and I wish you and your family have a safe and wonderful Thanksgiving!

Ted

EXTERNAL:

Hi All:

By now, you have probably read/heard about the LA Times article on PV Shelf and waste drums that Professor Valentine from USCB found in San Pedro Basin.

I just want to give you a heads up that we have so far provided briefings to:

1. Senator Dianne Feinstein's staff
2. Congressman Alan Lowenthal's staff
3. Congressman Ted Lieu's staff*
4. Congresswoman Nanette Diaz Barragan's staff*
5. LA County Supervisor Janice Hahn's staff

*Congressman Lieu and Congresswoman Barragan's staff participated in our scheduled call with Congressman Lowenthal's staff.

It is likely that they will or have already asked your agency for a briefing/discussion. Thanhloan, WB has a high probability to be contacted by their offices since the LARWQCB issued the original ocean disposal permit.

Judy
